

Trial Reporting Statement

EudraCT Number: 2005-001291-12

Title of Study: Histamine release and implications of H1- and H2- blockade in adult cardiac surgery - a randomised controlled study

Name of Sponsor: Cardiff University

Name of CI: Professor Judith Hall

Date: 21.01.2025

Trial start date 03.05.2006

Trial end date 12.06.2009

A total of 30 (out of a target of 80) participants were recruited to the Trial.

Trial terminated early due to lack of funding and change of operating practice making recruitment to the study very difficult.

Analysis of the study data was not completed and therefore there are no results or publications to report.
