Oncologia medica UOC

The undersigned Prof. Giovanni Brandi, as PI of the study "Efficacy of ultrasound with contrast medium in the evaluation of early response to Sunitinib in patients with GIST. Pilot study", registered at CE AVEC with code 017/2007 / U / Sper

DECLARES

That the clinical study was never started in our center for the following reason: lack of patients with adequate characteristics reported in the study protocol. Therefore, the activities related to the study are to be considered concluded. No patients have ever been enrolled in our center, nor do we intend to proceed with enrollment.
