

27th August 2019

Study Title:	The effects of improving oxygen concentration in the reduction of dialysis induced myocardial stunning – a pilot study.
EudraCT Number:	2007-004012-31
Sponsor Reference:	DHRD/2010/005
Sponsor:	University Hospitals of Derby & Burton NHS Foundation Trust (formerly Derby Teaching Hospitals NHS Foundation Trust)

This clinical trial was terminated early on 15/Aug/2012 due to a lack of staff and challenges with recruitment; as such no clinical study report will be produced or published due to the limited data.

Dr Teresa Grieve

Assistant Director of R&D
