

EudraCT Number: 2007-004603-35

Full title of the trial: Radiotherapy (IMRT), Erbitux And Chemotherapy For Unresectable Carcinomas Of Head and Neck. REACH-Study

Sponsor: University of Heidelberg

Coordinating Investigator: Prof. Dr. med. Dr. rer. nat. Jürgen Debus

On behalf of the sponsor, this is to confirm that the above clinical trial ended prematurely due to low recruitment. Notification of early termination and end of study was submitted on June 27th, 2013. 22 subjects (instead of 60) had been enrolled in the study.

In April 2012, an interim analysis was published that included data from 21 study participants:
