Dear all,

Unfortunately, this clinical trial was terminated prematurely with no results and no publications. The study was not effective and in 2007 a new HIV drug came out that was much more effective than the treatment being studied in this clinical trial.

EudraCT number: 2008-002694-13

Sponsor code: COMBOKA-07

Title: Estudio piloto, fase IV para analizar la seguridad de los combos Truvada vs Kivexa como parte de un TARGA basado en Kaletra. Estudio COMBOKA.
