**“TITEL: Prospective study to assess the efficacy and safety of lanreotide 120 mg as treatment of clinical symptoms associated with inoperable intestinal obstruction”**

Geachte voorzitter

**Cancelled before Active Statement**

**Statement of Discontinuation of the study**

**Name of Sponsor:** Ipsen

**Study No:** EudraCT# 2009-012981-30

**Product:** Lanreotide 120 mg

**Title :** Prospective study to assess the efficacy and safety of lanreotide 120 mg as treatment of clinical symptoms associated with inoperable intestinal obstruction”

**Phase:** IV

**Study Period:** 18/8/2009-18/8/2011

**Centres:** UZ gent

**Number of Subjects:**3

**Publications:** NA

**Statement on discontinuation of the study:** Discontinuation of the study because this study was followed by an official study with the same parameters. The 3 patients entered were drop-outs, so no further data was collected from these patients. The study files are lost, we tried to retrieve them, but had no luck. No patients data will be used.
