

**EudraCT Number: 2009-013432-20**

**Full title of the trial:** Intra-individual, randomized comparison of the MRI contrast agents gadobutrol versus gadoterate meglumine in breast MR imaging.

**Publication title:** Comparison of gadoteric acid and gadobutrol for detection as well as morphologic and dynamic characterization of lesions on breast dynamic contrast-enhanced magnetic resonance imaging. Renz DM, Durmus T, Böttcher J, Taupitz M, Diekmann F, Huppertz A, Pfeil A, Maurer MH, Streitparth F, Bick U, Hamm B, Fallenberg EM.

Invest Radiol. 2014 Jul; 49(7):474-84. doi: 10.1097/RLI.000000000000039.

PMID: 24637587.
