Dear Sir/Madam

RE: Proof of concept study of combined allergen immunotherapy and antibiotics for the treatment of chronic atopic dermatitis

REC reference number: 10/H0605/40

EudraCT number: 2010-021284-33

I am writing further to the recent submission of our Declaration of the End of Trial Form. As we only recruited one patient, it is not possible to analyse the data and there will be no publications arising. Therefore please use this letter as confirmation that no final study report will be submitted. The data have an archive destruction date of 2/4/18.

Many thanks

Yours sincerely

Professor Graham Ogg
