Memorandum

To: EudraCT No. 2010-021955-14

From: Deborah Burko

Protocol: BUP3030

Date: 24-Sep-2021

Re: End of Trial Notification

Study BUP3030 titled, *A Multicenter, Inpatient, Open-label Study to Characterize the Pharmacokinetics, Safety, and Efficacy of Intravenous Dosing of Buprenorphine in Pediatric Patients Aged from Birth to 6 Years of Age (inclusive) Who Require Opioid Analgesia for Acute Moderate to Severe Pain*, was withdrawn prior to study initiation due to change in development plan. Therefore, no subjects were recruited, and no trial results will be submitted.
