12.9.2022

EudraCT number: 2010-022809-18

Sponsor's ref: HD/10/059

Full title: Effectiveness of Glucophage® SR as an adjunct to insulin in improving glycaemic control, without increasing the episodes of hypoglycaemia, in non-overweight patients with type-1 Diabetes

Date of early termination of trial: 04/03/2014

Details:

The study has been reviewed internally by the R&D department. It is concluded that the HbA1c (primary objective) is rising in the intervention arm of the study. Therefore, there is no point in continuing this study. No harm has come to any patient.

Patients will receive usual care in Diabetes clinics. No consequences for patients due to early termination.

Yours sincerely

R&D Manager
Hywel Dda University Health Board
