Study Title: Keloid Scars: A randomised clinical and laboratory based study on the treatment and differentiation factors of the local disease

EUDRACT Number : 2011-000626-29

Sponsor: Queen Mary University of London

CI: Simon Myers

As a result of a MHRA GCP inspection (14620/10100789-0001) in 2014, compliance issues led to an agreement between the MHRA, ethics committee and sponsor that none of the data collected would be used.

No results are therefore available.

End of study is dated as 13th November 2013
