Title: The effect of Acomplia® (rimonabant) on esophageal sensitivity and gastric accommodation during food intake in healthy volunteers: a single-blind, placebo-controlled study

EudraCT number: 2011-003104-20

This study was never started because the IMP (Acomplia ®) was withdrawn from clinical use by EMA.

There are no study results available.

Yours sincerely,

Prof. Dr. J. Tack
