Re. FP187-301 / EudraCT ID 2012-005685-35

Forward Pharma GmbH, a subsidiary of Forward Pharma A/S was planning to start the mentioned clinical trial. However, this trial was cancelled in 2014 before any patients were enrolled (i.e., the trial was never started). As a result of this, no results from the trial are available for upload to EudraCT.

Sincerely,

Claus Bo Svendsen
