**Title of Protocol :** *Tacrolimus disposition in pediatric transplantation: influence of age, genetic polymorphisms, intestinal and hepatic relative contribution on pharmacokinetics, in relationship with clinical outcomes*

**Study phase :**

**Sponsor :** Cliniques universitaires Saint-Luc

**Subject : CLINICAL TRIAL - Notification**

Dear Sir/Madam,

Please be kindly informed that this study has no results because of the study was not initiated due to reorientation of the PhD student in charge of the work.  
The patients were selected but did not get any tests performed.

Yours faithfully,

Prof. R. Reding MD PhD

Department of Abdominal Surgery and Transplantation  
Cliniques universitaires Saint-Luc
