Dear EudraCT team,

RE: Result related information: premature termination of a clinical trial

Trial: Systemische toediening van lidocaïne bij oncologische gynaecologische chirurgie: effect op postoperatieve pijn en morfine verbruik

Protocol GDW072013 versie 1 dd 22/07/2013 – EudraCT 2013-003255-38

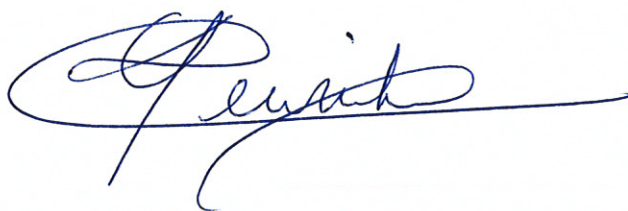

Investigator: Geertrui Dewinter, University Hospitals Leuven – Department of Anesthesiology

Dear,

With this letter we want to inform you that the above mentioned trial was terminated before we reached the planned number of patient due to a low inclusion rate. The last patient entered the trial on 10/10/2016. The premature termination has no consequence for the enrolled patients. Data will not be analyzed, so no results will be posted.

Yours sincerely

Geertrui Dewinter
