

Project title:

Diagnostic Modalities in Nuclear Medicine in Well-differentiated Thyroid Cancer

EudraCT number: 2013-004629-96

Competent authority registration number: Journal 2014012483 (approval given by “Danish Health and Medicines Authority”, 2014/06/13)

Danish Ethics committee registration number: VEK s-20130147.

Sponsor organization:

Department of Nuclear Medicine,
Odense University Hospital,
Kloevervaenget 47
5000 Odense C
Denmark

The sponsor and the PI - beside the rest of the project team - at the department of Nuclear Medicine, Odense, are for various reasons no longer employed at the department, and therefore the trial has not been possible to continue nor complete as planned.

For these reasons the trial has been prematurely ended and therefore no usable results has been achieved.
