

## **Final Information for the Trial with the EudraCT Number: 2014-002236-14**

EudraCT Number:	2014-002236-14
Sponsor Protocol Number:	BI 1160.206
Start Date:	28.10.2015 (last approval date)
Sponsor Name:	Universitätsklinikum Ulm
Full Title:	Phenprocoumon versus Dabigatran in subjects with atrial fibrillation and left atrial thrombus – a prospective, randomized, controlled, open-label one year follow-up pilot study
Medical Condition:	Left atrial thrombus
Disease:	Atrial fibrillation
Population/Age:	Adult
Gender:	Male/female
Trial Protocol:	Not attached here
Reason for Interruption/stop:	It's not possible to identify enough participants (40 patients in one center); and major changes in the study team which need a complete reorganization
Trial results:	No results to report; study was stopped prior any subject was enrolled.
