

Figure 1 Effect of Placebo or Verum (CALMVALER HEVERT tablets) on spectral alpha1 power averaged on selected electrode positions representing the left and right hemisphere. Data are given as % of baseline (ref) before intake. Statistical significance (Wilcoxon-Test) between placebo and verum is indicated by stars. *= $p < 0.1$; ***= $p < 0.01$.

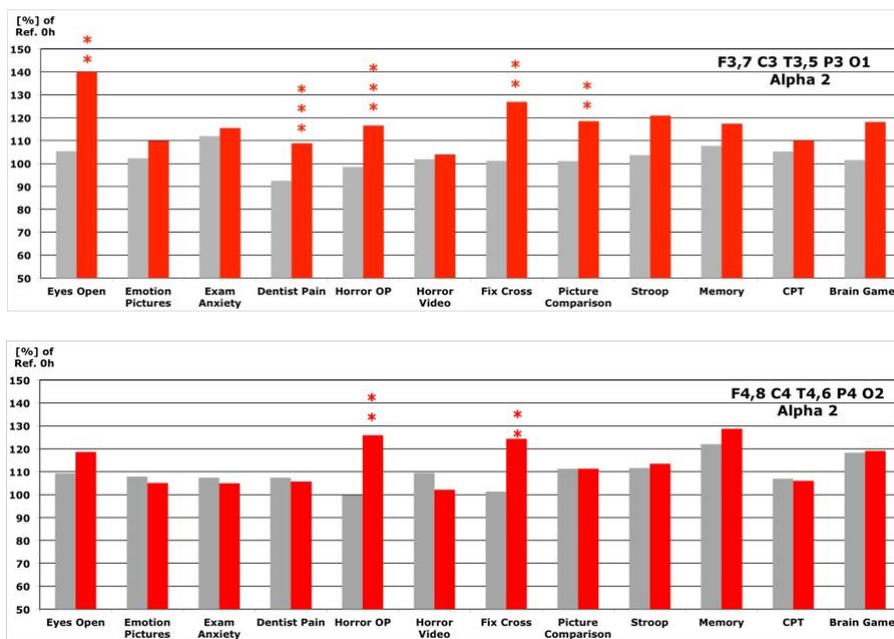

Figure 2 Effect of Placebo or Verum (CALMVALER HEVERT tablets) on spectral alpha2 power averaged on selected electrode positions representing the left and right hemisphere. Data are given as % of baseline (ref) before intake. Statistical significance (Wilcoxon-Test) between placebo and verum is indicated by stars. *= $p < 0.1$; **= $p < 0.05$; ***= $p < 0.01$.
