

STUDY ACRONYM	PROTOCOL NUMBER	EUDRACT NUMBER
ALLOB-MF1	000009/BT	2015-000650-38

Gosselies, 26<sup>th</sup> of October 2021

The study ALLOB-MF1 entitled “A Phase IIA, multicentre, open study on the safety and efficacy of allogeneic osteoblastic cells (ALLOB<sup>®</sup>) implantation in multiple non-infected delayed-union (DU) fractures” was stopped prematurely without any patient being recruited, therefore no result is available.
