Fixed-dose combination of rosuvastatin and valsartan for dual target achievement in patients with hypertension and hyperlipidaemia – UNIFY

Protocol number:

KCT 05/2017 - UNIFY

EudraCT number:

2017-003672-31

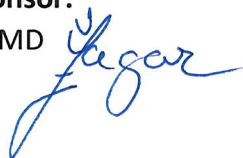

Study sponsor name and address:

Krka, d.d., Novo mesto
Šmarješka cesta 6
8501 Novo mesto
Slovenia

Krka, d.d., Novo mesto, sponsor of the clinical trial KCT 05/2017 – UNIFY, hereby informs that, in line with its business strategy, decided to redirect the focus on other clinical trials that include treatment of arterial hypertension and hyperlipidaemia. As a result, UNIFY study that had only been approved in one country (Hungary) was terminated by the sponsor on 23rd of May 2019. No patients were included in the study therefore no results are available.

On behalf of the sponsor:

Breda Barbič-Žagar, MD
Medical Director

Date: 27th of August 2021
