## End of trial

Title: Drug disposition in the human colon: sampling optimization

EudraCT number: 2017-003790-34

UZ Leuven S-number: S60884

In view of the result of study ***“S60322 – EudraCT 2017-001194-16, entitled Pharmacokinetics of celecoxib for the prevention/treatment of colorectal cancer: optimization of intestinal sampling for celecoxib in healthy volunteers”***, it was decided to use the method which was optimized for celecoxib also for mesalazine formulations. Therefore, study S60884 - 2017-003790-34 was not initiated.

There are no study results available.
