

Full Title of Trial: A Randomized, Single-Blind Study to Evaluate the Pharmacokinetics (PK), and Pharmacodynamics (PD) of INS1007 Administered for 12 Weeks in Subjects with Granulomatosis with Polyangiitis (GPA)

EudraCT Number: 2018-003903-21

Sponsor's Protocol Code Number: INS1007-202

Trial Status: Prematurely Ended

Reason for Premature Termination: The clinical study INS1007-202 (2018-003903-21) was prematurely terminated before enrolment of subjects as per Sponsor's discretion and the protocol number has been reassigned to a future planned study still in development. Therefore, results are not posted for this study.

Date of the Document: 27 September 2022
