

**Title: Repeated Injection Therapy of Allogeneic Stem Cells in Ischemic No-option Patients - A Multi-Centre Study (SCIENCE REPEAT)**

**Protokol number: 08062019**

**EudraCT number: 2019-002511-26**

This trial never started recruiting patients due to termination of the production of injection catheters used in previous trials which was planned to be used in this trial. Moreover, the stem cell therapy field moving towards treatment of diseases with activated immune system and thus not a patient population planned in this trial.
