

Date: 13. april 2022

**Protokol – GI1949 IMMUNOX
EudraCT-Nr.: 2019-004397-26**

FOLFOX + Immunterapi med oxaliplatin intrahepatisk til patienter med multiple ikke-resektable levermetastaser fra colorectal cancer.

Reporting of results not applicable.

The trial was opened for recruitment in October 2020. Over a period of 11 months, identification of eligible patients has proved impossible. Therefore, in September 2021 sponsor and coordinating investigator decided to terminate the trial without enrolment of any patient.
