

CLINICAL TRIAL

EudraCT Number: 2022-000753-80

Sponsor Protocol Number: 000298

Sponsor Name: Ferring Pharmaceuticals A/S

Clinical Trial Title: A randomised, assessor-blind, active-controlled, parallel-group, dose-finding trial to investigate the efficacy and safety of FE 999302 for triggering of final follicular maturation in women undergoing controlled ovarian stimulation

Medical condition: Infertility

Population Age: Adults

Gender: Female

RESULTS

No results were obtained in the clinical trial.

The clinical trial was terminated before any trial participant was randomized to any study drug. The reason for termination was not safety concerns.
