

Clinical trial results:

A Multi-Center, Double-Blind, Randomized, Dose-Ranging Study of the Safety and Efficacy of IDP-102 Gel 5 %, and 15 % Compared with Vehicle in the Treatment of Common Warts.

Summary

EudraCT number	2005-002820-32
Trial protocol	DE
Global end of trial date	15 August 2006

Results information

Result version number	v1 (current)
This version publication date	04 January 2020
First version publication date	04 January 2020

Trial information

Trial identification

Sponsor protocol code	250508BS

Notes:

Paediatric regulatory details

Is trial part of an agreed paediatric investigation plan (PIP)	No
Does article 45 of REGULATION (EC) No 1901/2006 apply to this trial?	No
Does article 46 of REGULATION (EC) No 1901/2006 apply to this trial?	No

Notes:

Results analysis stage

Analysis stage	Final
Date of interim/final analysis	15 August 2006
Is this the analysis of the primary completion data?	Yes
Primary completion date	15 August 2006
Global end of trial reached?	Yes
Global end of trial date	15 August 2006
Was the trial ended prematurely?	No

Notes:

General information about the trial

Main objective of the trial:

To define the optimal concentration of IDP-102 Gel 5 %, and 15 % compared to vehicle when applied to common warts, for up to 12 weeks of treatment.

Protection of trial subjects:

The study was performed in accordance with the currently valid Declaration of Helsinki.

Background therapy: -

Evidence for comparator: -

Actual start date of recruitment	16 December 2005
Long term follow-up planned	No
Independent data monitoring committee (IDMC) involvement?	No

Notes:

Population of trial subjects

Subjects enrolled per country

Country: Number of subjects enrolled	Germany: 107
Worldwide total number of subjects	107
EEA total number of subjects	107

Notes:

Subjects enrolled per age group

In utero	0
Preterm newborn - gestational age < 37 wk	0
Newborns (0-27 days)	0
Infants and toddlers (28 days-23 months)	0
Children (2-11 years)	0
Adolescents (12-17 years)	0
Adults (18-64 years)	107
From 65 to 84 years	0
85 years and over	0

Subject disposition

Recruitment

Recruitment details: -

Pre-assignment

Screening details:

Males or females, aged 18 to 50 years; subjects must have been clinically diagnosed with at least 2 but not more than 15 common warts (non plantar and non-subungual). Flat warts were also excluded from treatment.

Period 1

Period 1 title	Treatment (overall period)
Is this the baseline period?	Yes
Allocation method	Randomised - controlled
Blinding used	Double blind
Roles blinded	Subject, Investigator

Arms

Are arms mutually exclusive?	Yes
------------------------------	-----

Arm title	IDP-102 Gel 5%
------------------	----------------

Arm description: -

Arm type	Experimental
Investigational medicinal product name	IDP-102 Gel 5%
Investigational medicinal product code	
Other name	
Pharmaceutical forms	Gel
Routes of administration	Topical use

Dosage and administration details:

Applied topically.

Arm title	IDP-102 Gel 15%
------------------	-----------------

Arm description: -

Arm type	Experimental
Investigational medicinal product name	IDP-102 Gel 15%
Investigational medicinal product code	
Other name	
Pharmaceutical forms	Gel
Routes of administration	Topical use

Dosage and administration details:

Applied topically.

Arm title	Vehicle Gel
------------------	-------------

Arm description: -

Arm type	Placebo
Investigational medicinal product name	Vehicle Gel
Investigational medicinal product code	
Other name	
Pharmaceutical forms	Gel
Routes of administration	Topical use

Dosage and administration details:

Applied topically.

More information

Substantial protocol amendments (globally)

Were there any global substantial amendments to the protocol? Yes

Date	Amendment
30 November 2005	Considering the fact that no sufficient data on reproductive toxicity are available, BfArM requested to change the wording with regards to acceptable methods of contraception to increase the safety of the patients.

Notes:

Interruptions (globally)

Were there any global interruptions to the trial? No

Limitations and caveats

None reported
