Dear Sir or Madam,

On behalf of the sponsor, the TrialNet Study Group, I wish to submit an End of Trial Report for the EU Countries United Kingdom, Sweden, Italy, Germany and Finland. I can confirm the global end of trial date is 01 Nov 2017 and the Trial contained paediatric subjects. Therefore, the End of Trial Report was due within 6 months of the previous date. The report was not submitted before the 6 month deadline as analysis of the study was ongoing due to the volume of data to be handled, in view of the fact that this was a 10 year trial comprising 562 patients in 7 countries, and many elements of this report were not available in formats that could be easily included in the report without further processing. I apologise for the late submission of the report. If you require any further information, please do not hesitate to contact me.

Kind regards,
