

Extract from Tables Listings and Graphs for HYPАЗ Study Final Analysis Report

Title: Adverse Events  
 Number: 5.1.1  
 Population: Safety (N=27)

| Person Id | Description  | NCI CTCAE Grade | Start Date | Stop Date  | Ongoing? | Action Taken                 | Related to study drug? | Serious? |
|-----------|--|-----------------|------------|------------|----------|------------------------------|------------------------|----------|
| 1         | Pain-Throat (Category:Pain)  | 1               | 2011-07-13 | 2011-07-14 | No       | None                         | Probably unrelated     | No       |
| 1         | Pain-Abdomen (Category:Pain)   | 1               | 2011-07-04 | 2011-07-06 | No       | None                         | Probably unrelated     | No       |
| 1         | Diarrhea (Category:Gastrointestinal)                                 | 2               | 2011-07-20 | 2011-07-20 | No       | Treatment given              | Unrelated              | No       |
| 1         | Taste alteration (dysgeusia) (Category:Gastrointestinal)             | 1               | 2011-07-27 |            | Yes      | None                         | Probably related       | No       |
| 1         | Hypopigmentation (Category:Dermatology/Skin)                         | 1               | 2011-07-27 |            | Yes      | None                         | Probably related       | No       |
| 1         | Hair loss/alopecia (scalp or body) (Category:Dermatology/Skin)       | 1               | 2011-07-27 |            | Yes      | None                         | Probably related       | No       |
| 1         | Diarrhea (Category:Gastrointestinal)                                 | 1               | 2011-08-12 | 2011-08-12 | No       | None                         | Probably unrelated     | No       |
| 1         | Constipation (Category:Gastrointestinal)                             | 1               | 2011-10-19 |            | Yes      | None                         | Probably unrelated     | No       |
| 1         | Infection-Urinary tract NOS (Category:Infection-Renal/Genitourinary) | 2               | 2011-10-20 |            | Yes      | Treatment given              | Probably unrelated     | No       |
| 1         | Fatigue (Category:Constitutional Symptoms)                           | NA              | 2011-10-10 |            | Yes      | None                         | Unrelated              | No       |
| 1         | Dyspnea (shortness of breath) (Category:Pulmonary/Upper Respiratory) | NA              | 2011-10-10 |            | Yes      | None                         | Unrelated              | No       |
| 1         | Hemoglobin (Category:Blood/Bone Marrow)                              | 3               | 2011-10-13 | 2011-10-20 | No       | Treatment given              | Probably unrelated     | No       |
| 1         | Anorexia (Category:Gastrointestinal)                                 | 1               | 2011-10-10 |            | Yes      | None                         | Unrelated              | No       |
| 2         | Bilirubin/Hyperbilirubinemia (Category:Metabolic/Laboratory)         | 3               | 2012-03-15 |            | Yes      | Subject withdrawn from study | Possibly related       | Yes      |
| 2         | Diarrhea (Category:Gastrointestinal)                                 | 1               | 2011-09-14 |            | Yes      | Treatment given              | Definitely related     | No       |
| 2         | Fatigue (Category:Constitutional Symptoms)                           | 1               | 2011-      |            | Yes      | None                         | Possibly               | No       |
