

UNIVERSITY OF
BIRMINGHAM

FINANCE OFFICE

18th September 2019

Dear Sir/Madam

On behalf of the University of Birmingham, I am writing to you regarding a number of trials that are listed on the EudraCT registry where the University of Birmingham is named as the sponsor of the trial.

After a regulatory inspection by the MHRA, the following trials were closed as the inspection identified issues with recruitment and data integrity. For that reason our Clinical Trials Oversight Committee has made a decision that these results should not be in the public domain and we would be grateful if this could be reflected in the registry:

EudraCT Number: 2011-006049-14

Title: Vildagliptin and Glucose Variability in Type 2 Diabetes

EudraCT Number: 2006-005630-21

Title: The effect of Pregabalin on Pain progressing in Painful Diabetic Neuropathy

EudraCT Number: 2005-004196-37

Title: Taurine and Painful Diabetic Neuropathy

EudraCT Number: 2004-004835-72

Title: A study to determine the effects of growth hormone (GH) replacement therapy on quality of life and cardiovascular risk in GH deficient adults

Many thanks

Kind regards
