

Supplementary Material

Figure S1: Mean (a) and individual time-courses for serum clozapine (b-d) and norclozapine (e), 10 to 14 hours post-dose.

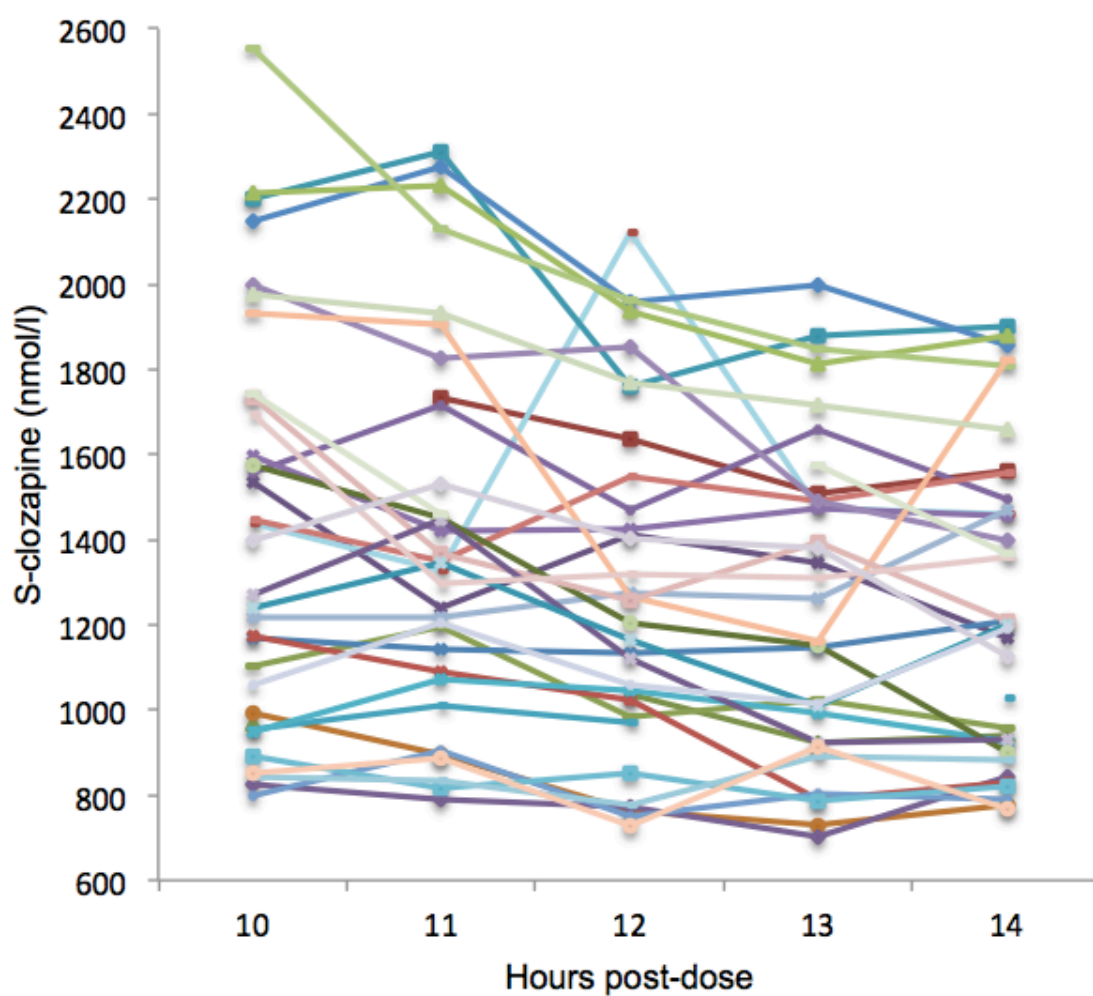

a. Mean serum concentrations of clozapine (clz) and norclozapine (nclz), n=46

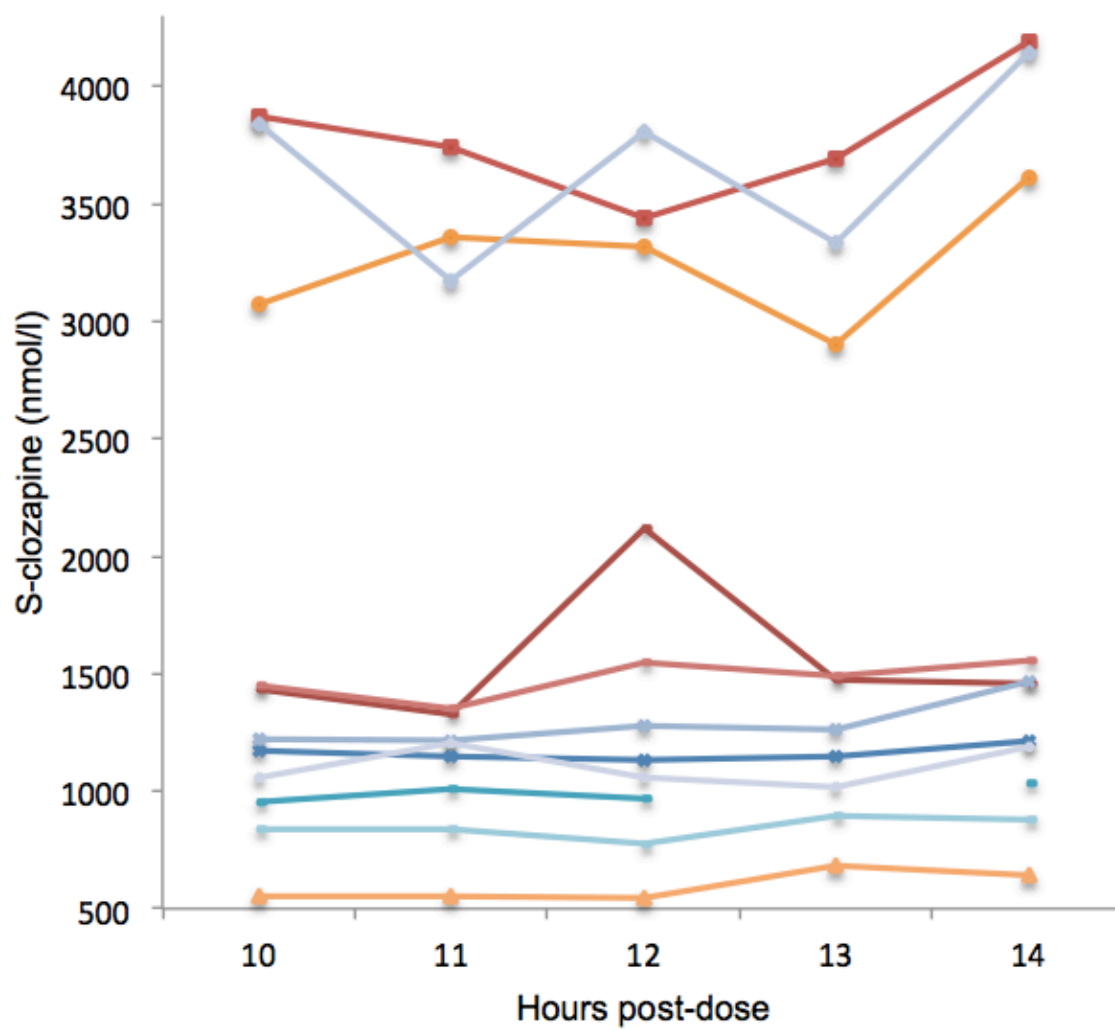

b. Raw s-clozapine time-courses, n=46

c. Raw s-clozapine time-courses. Middle section enlarged, n=46

d. Up-slope s-clozapine time-courses, n=11

e. Raw s-norclozapine time-courses, n=46.
